

DAMAGED MAILBOX

January 16, 1989

The Houghton County Road Commission will adopt the American Association of State Highway Officials standard for erecting mailboxes on highways and set a \$15.00 limit, at our option, to compensate people who have had their mailboxes destroyed by the Road Commission with the following conditions:

1. The mailbox or post must be damaged by county owned equipment, due to actual contact, was visible or adequately marked and installed according to these AASHO guidelines.
2. Mailbox and post construction must be able to withstand force of snow being pushed or thrown against them during snow removal operations. The Houghton County Road Commission will not be liable for damages resulting from this action.
